

WIZZYBOX PRIVATE LIMITED*WizzyBox Career Accelerator Program (WCAP) | In partnership with NammaQA***INCUBATION INTERNSHIP****OFFER LETTER***Batch of 2027 | WCAP Cohort***Ref. No.:** WCAP/2027/NQA1168**Date:** 17/06/2026**Dear Kundan D R,****CONGRATULATIONS — YOU'RE IN!***Welcome to the WizzyBox Career Accelerator Program — Class of 2027***Greetings from WizzyBox Private Limited!**

It is our absolute pleasure to inform you that — out of a highly competitive pool of applicants — you have successfully cleared every stage of our selection process and have been **officially selected** to join the **WizzyBox Career Accelerator Program (WCAP)** delivered in partnership with **NammaQA**. This selection reflects the talent, drive, and potential we saw in you, and we are excited to have you on board as one of our future industry-ready engineers.

As a WCAP intern, you will receive end-to-end **training, hands-on internship experience, live project exposure and 1-year placement assistance** — designed to transform you from a college graduate into a confident, hire-ready professional. Your detailed orientation schedule will be sent to your registered email address shortly.

PROGRAM AT A GLANCE

100% FREE	12 MONTHS	INDUSTRY-LED
No tuition, no hidden charges. Fully sponsored learning experience.	Comprehensive program valid for 1 year from your date of joining.	Live projects, real codebases, mentorship from working engineers.

Please note: While we encourage you to review the available tracks and consider your career aspirations, the final allocation of your program track will be determined by WizzyBox based on our internal assessment and organizational requirements. This ensures each candidate is placed in the module where they can thrive and contribute most effectively.

ASSIGNED TRACK (ANY ONE)

Software Testing (QA)	Manual Testing • Automation Testing • API Testing • SQL Database
Enterprise Full-Stack with Cloud & DevOps	MERN Stack (MongoDB, Express.js, React.js, Node.js) • REST API • AWS / Azure • DevOps
Python Full-Stack with Generative AI	Python • Data Structures • SQL / MongoDB • Django • REST API • React.js • Generative AI
Python with AI / ML	Python • NumPy / Pandas • Supervised & Unsupervised ML • Model Building • Deep Learning (TensorFlow / Keras) • NLP

WHAT YOU WILL GAIN

- **Accelerated Learning:** Intensive, industry-aligned curriculum on the latest in-demand technologies.
- **Live Project Experience:** Work on real client deliverables in an onsite/offshore model.
- **Hands-on Internship:** Build a portfolio of production-grade work you can showcase to recruiters.
- **Interview Preparation:** Mock interviews, resume reviews, aptitude prep and HR coaching.
- **Placement Assistance:** Unlimited placement support for one (1) year, subject to attendance and mock-test performance.
- **Mentorship:** Continuous one-on-one guidance from senior engineers and industry mentors.
- **Certification:** Industry-recognized completion certificate to strengthen your professional profile.
