SKILLS

- Programming: Python, C, Java
- AI/ML: Machine Learning, Agentic AI, Multi-Agent Systems
- Backend & Database: FastAPI, SQL, SQLite
- Cloud: AWS (Foundations), Microsoft Azure (Basics), IBM Cloud
- Soft Skills: Communication, Team Collaboration, Time Management

LANGUAGES

- English – Fluent
- Kannada – Native

ACTIVITIES

- Published 2 books on Amazon, independently managing writing and publishing
- Developed strong skills in storytelling, research, and disciplined execution

PROFILE

AI & ML engineering student with hands-on experience in building agent-based systems and backend applications using FastAPI. Developed and published a research paper on an AI-powered tournament management system. Interested in intelligent systems, automation, and real-world problem solving. Published author demonstrating creativity, discipline, and independent project execution

PROJECT & PUBLICATIONS

Agentic AI-Based Tournament Management System

Research Publication – IJCRT, 2025

- Developed an AI-powered tournament management system to automate scheduling, team registration, and match coordination
- Designed a multi-agent architecture enabling intelligent decision-making and workflow automation
- Built a scalable backend using FastAPI and SQLite for efficient and reliable performance
- Integrated a natural language query assistant for intelligent user interaction and data retrieval
- Conducted unit, integration, and system testing to ensure system stability and accuracy

ERP-Based Student Management System (Innovathon 2026 – SJBIT)

- Built an ERP-based system to solve disconnected academic and administrative workflows in institutions
- Designed modules for student data management, attendance tracking, and academic performance monitoring
- Enabled centralized communication between students, faculty, and administration
- Developed and presented the solution under time constraints during Innovathon 2026
- Focused on improving operational efficiency, transparency, and scalability

RESEARCH PUBLICATION

“Agentic AI-Based Tournament Management System”

International Journal of Creative Research and Development (IJCRT), 2025

CERTIFICATIONS

Infosys – Certification in Cloud, AI/ML, and Generative AI

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science & Engineering (AI & ML)

(2023 – 2027)

Maharaja Institute of Technology, Mysuru

Pre-University Course (PUC) – Science (PCMB)

(2023)

Sri adhichunchangiri independent pu college

SSLC- BGS CENTRAL SCHOOL BHADRAVATHI

(2021)
